1888.

We hereby certify that in compliance with the requirements of the law* we have carefully examined this applicant, who states that he is suffering from the following disability, incurred in the service, viz:

Cause of disability.

Exhaustion ext. leg. and Varicose veins of lt. groin & testicle

If a pensioner, fill in the amount; if not, erase the whole line.

and that he receives a pension of \$10 dollars per month.

Pulse rate per minute, 72; respiration, 16; temperature, 98 1/4; height, 5 feet 8 1/2 inches; weight, 140 pounds; age, 58 years.

He makes the following statement upon which he bases his claim for:

Here give the claimant's statement as briefly and as compactly as possible.

Because he is unable to perform any but light work on acc. of pain in left groin when he stands and also on acc. of general weakness.

Here give a full symptom picture of the case, embracing all the physical and rational signs, but confining it to the present condition of the claimant.

It must be borne in mind that the duty of the Surgeon is to give an opinion as to the proportionate degree of disability, as 1/4, 1/2, total, &c., through the grades, without any regard to dollars and cents, and to make such a full particular description as will afford to this Office the ground for intelligent opinion and action in rating.

Upon examination we find the following objective conditions:

2 in. above lt. umbilicus just across outer margin of umbilicus is a superficial cicatrizing about 1 1/2 in. long of no importance. 1 on chart. 1 in. below head of rt. tibia is cicatrizing of entrance (2 on chart) rather tender but adherent to bone. Exit 2 is 2 in. below popliteal space posteriorly, not tender nor adherent. Veins of lt. groin are not varicose but a noticeable degree but there is some moderate enlargement of veins of lt. side of scrotum, though the measurements are not much increased. Mobility of rt. knee unimpaired. From the existing condition and the history of this claimant, as stated by himself, it is in our judgment, probable that the disability was incurred in the service as he claims, and that it has not been prolonged or aggravated by vicious habits. He is, in our opinion, entitled to a 4/18 rating for the disability caused by Ex. & Varicose veins.
